

## GLASS DOORS GO TROPICAL

Bring the beauty and style of the tropics to your glass doors. Wallpaper for Windows announces its newest decorative window film, *Tropical Oasis*, an etched glass design featuring elegant palms and lush tropical foliage set on a clear background that transforms an ordinary door into a tropical, custom door. A breathtakingly beautiful addition to any room, *Tropical Oasis* adds instant style and elegance while achieving a look superior to real etched glass.

At 96" tall, *Tropical Oasis* is simply stunning. These large decorative films enhance the natural glamour and beauty of 8-foot windows and glass doors, while increasing privacy without sacrificing sunlight. *Tropical Oasis* is available in varying widths —16", 24", 32" and 48"—making it perfect for sliders, French doors, front doors and sidelights. And like all Wallpaper for Window products, *Tropical Oasis* installs in minutes, lasts for years and is easily removable. It's even reusable!

The adhesive-free decorative window films don't just look great; they work hard, too.

- Softening harsh sunlight and reducing glare while allowing all the benefits of natural light
- Filtering 95% of UV rays, protecting carpets and furniture from fading

- Insulating glass to help reduce energy costs (films are 8 mil thick)

Whether the goal is to obscure a bad view, increase privacy or simply decorate and create an unforgettable ambience, Wallpaper for Windows does it all -- in just minutes! For more decorating ideas and solutions visit, [www.wallpaperforwindows.com](http://www.wallpaperforwindows.com).
